

# SUSTAINABLE TEXTILES LAB

This **Sustainable Textiles Lab** invited you and other players in the textile supply chain to join hands and together take sustainability to the next level. We don't just talk, we take action!

## Ready for more action?

- Join the **Dutch National Action Plan: Working group on Living Wage**  
For information contact: [fdhartog@inretail.nl](mailto:fdhartog@inretail.nl)
- Learn more about the **Fair Wage Method**. Join the Fair Wage Method **Masterclass** by Daniel Vaughan-Whitehead, founder of the Fair Wage Method. The master class is organized by Solidaridad and the Dutch National Action Plan and will take place in **October 2015** in Utrecht.  
For more information and to register contact: [fdhartog@inretail.nl](mailto:fdhartog@inretail.nl)
- On the **Fair Wear Foundations Living Wage Portal** you can find explanations, examples, obstacles and solutions on the main questions surrounding Living Wage.  
For more information visit: [www2.fairwear.org/living-wage-portal](http://www2.fairwear.org/living-wage-portal)
- Get involved in the preparations for the **Asian Living Wage Conference**. This conference will take place in **February 2016** in **Islamabad, Pakistan**. The Netherlands Ministry of Foreign Affairs together with the German government, GIZ and ILO have taken the initiative to co-host the conference with the Pakistani government.  
The conference main aim is to engage Asian countries in the discussions about realizing living wages in textile supply chains. The conference will present and discuss the latest research on minimum wages, living wages and best practices with a focus on the need for social dialogue in producing countries supported by international brands. The conference brings governments, minimum wage boards, business and trade unions from Asia and international brands and stakeholder initiatives from Europe and the US together. Stakeholders from the following key countries are invited: India, Bangladesh, Pakistan, Myanmar, Cambodia, Vietnam and Indonesia.
